## PROJECT

### Project Name – DevOps Web Server.

- Create a web server with the help of **EC2** instance using **Amazon web service**.
- A continuous integration/continuous delivery **Jenkins** freestyle is a set of procedures that one must follow to deploy a new web server. **CI/CD** freestyle are a DevOps to optimize web server.
- To accelerate application development and development lifecycles.
- Working on **Ansible** playbooks and source code management tool.
- To improve **Web server** application stability and uptime.
- Using **Jenkins** and integrated with **GitHub**, **Ansible** server and **Web servers** to build consistency into an automated build, deploy and release process.

## SUMMARY

- Good understanding in cloud technology **AWS** and services like **EC2, S3, VPC, IAM, RDS, Lambda, DynamoDB, Route53, Autoscaling, etc.**
- Having good knowledge of **Linux Operating System**.
- Source code management collaboration tool **GIT** and Build tool **Maven** building of deployable artefact (JAR, WAR) from source code.
- Having knowledge of containerization tool **Docker** like creating Docker images, containers, docker files tagging and publishing to Docker Hub.
- Technical knowledge in DevOps Methodology, Build and Release Management, Infrastructure Monitoring, Management and Automation tool.
- Hosting and maintaining **Git, Jenkins, Chef** and debugging issues if there is any failure in broken Jenkins build and maintaining.
- Setting up Jenkins and integrating with different tool to achieve the continuous integrating and delivery and pipeline.
- Understanding of complex enterprise environment and container management tool **KUBERNETES**.

## TECHNICAL SKILLS

SKILLS	DETAILS
Cloud Technology	Amazon Web Services (AWS)
CI CD Tool	Jenkins
Centralization Tool	Docker
Operating System	Window, Linux
Other Tools	Chef, Git, GitHub, Putty, Maven, Kubernetes, Ansible.

## EDUCATIONAL QUALIFICATION

- Completed **BE/B.TECH** from Sagar Institute of Technology (SIRT) affiliated to **RGPV**, Bhopal.

## PERSONAL DETAILS

- |                   |                              |
|-------------------|------------------------------|
| • Father's Name   | Mustafa khan                 |
| • Name            | Juned khan                   |
| • Sex             | Male                         |
| • Nationality     | Indian                       |
| • Marital Status  | Single                       |
| • Languages known | English, Hindi               |
| • Contact Address | Seoni, Madhya Pradesh-480991 |
