Mobile number: 8328494968

---

### **Career Objective:**

seeking excellence in the **ELECTRICAL AND ELECTRONICS** field through self-motivation, hard work and utilizing core skills acquired from B. tech education and certifications to effectively deliver the results in specified time.

### **Educational Qualification :**

| Name of Institution                                            | Board of Institution                           | Percentage | Passed out Year |
|----------------------------------------------------------------|------------------------------------------------|------------|-----------------|
| Lendi Institute of Engineering and Technology (LIET) (B. tech) | JNTU, Kakinada University                      | 75         | 2019            |
| A.A.N.M & V.V.R.S. R Polytechnic College (DIPLOMA)             | S.B.T.E.T Andhrapradesh                        | 80         | 2016            |
| Sri Chaitanya Junior college (INTER)                           | Board of intermediate Education, Andhrapradesh | 89         | 2013            |
| Government High School, Sabbavaram (S.S.C)                     | Board of Secondary Education, Andhrapradesh    | 82         | 2011            |

### **Technical Skills:**

Languages : C, PYTHON  
Software Known : **AWS Solution Architect Associate** , **DEVOPS** ,  
**LINUX** (Ubuntu and Virtual machine Software)  
Packages : MS-office

### **Certification Courses:**

SOFT SKILLS Certifications (TCS)

## **Curricular Activities:**

### **B. Tech** (final year)

Project on **EFFECTIVE GRID INTEGRATION OF RENEWABLE ENERGY SOURCES WITH POWER QUALITY IMPROVEMENT FEATURES.**

with the prevailing power crisis due to fossil fuels, renewable energy has become an important area. The emerging new technologies such as wind energy, fuel cells, solar and micro hydro power sources make distributed generations more and more affordable and popular this area. In this grid integration of renewable energy sources, the power quality is improved because of all the resources are grid connected and calculation is also done to the input of the source and output of the grid.

### **Diploma** (final year).

Project on **ELECTRICITY BY GRAVITY** Generating Electricity from gravity is getting noticed by investors and effective alternate to large batteries, so that renewable energy supply can be stored until there is demand

- ✓ Cost is also low in this crisis of generated power.

## **Extra-Curricular Activities:**

- Interested in participating in social activities
- Good at organizing events

## **Hobbies:**

- Reading Books
- Playing Cricket

## **Personality Traits:**

- ❖ Adaptability
- ❖ Optimistic
- ❖ Quick learner

## **Personal Profile:**

|                   |   |                                                                                                   |
|-------------------|---|---------------------------------------------------------------------------------------------------|
| Father's Name     | : | Bokam Sanni Babu                                                                                  |
| Nationality       | : | Indian                                                                                            |
| Languages known   | : | English, Telugu and Hindi                                                                         |
| Permanent Address | : | D. No:1-93, Thavvavanipalem Village, Sabbavaram Mandal,<br>Visakhapatnam District, Andhra Pradesh |

## **Declaration:**

I hereby declare the above information is true to the best of my knowledge.
