OBJECTIVE

To scale the pinnacle of success and be placed in a commensurate position where my knowledge, expertise and skills can be appropriately utilized for the company and myself.

TECHNICAL SKILLS

Good knowledge of Cloud Computing , Network Security and Virtual Machines

Hands on practice on AWS Services like - VPC, EC2 , S3 , Route 53 , Cloudfront , IAM Role , Cloudwatch , Security Groups , Auto Scaling , Elastic Load Balancer

Sound knowledge of Devops like - Git , Ansible , Docker and Jenkins

Operating Systems - LINUX , WINDOWS

Knowledge in creating multiple VPC's and public, private subnets as per requirement and distributed them as groups into various availability zones of the VPC.

Using security groups, network ACL's, internet gateways and route tables to ensure a secure zone for organization in AWS public cloud.

Creating S3 buckets in the AWS environment to store files, usage of versioning and replication during crucial situations.

Launching the Amazon EC2 Cloud Servers using AMI's (windows) and configuring the servers for specified applications.

Creating and configuring elastic load balancers and auto scaling groups to distribute the traffic and to have a cost efficient, fault tolerant and highly available environment.

Creating/Managing the AMI/Snapshots/Volumes, Upgrade/downgrade AWS resources (CPU, Memory, EBS).

Creating NAT gateways and instances to allow communication from the private instances to the internet.

IAM for creating roles, users, groups

WORK HISTORY

JAGSUN ONESTOP SOLUTIONS PRIVATE LIMITED

IT ANALYST later SENIOR ANALYST / Sultanpur / Delhi / January 2017 – March 2020

In Jagsun One Stop Solutions private Limited, I was working on project, "Indian Smart Hub"

Indian Smart Hub is platform providing 200+ services such as Website Designing & Development, Video animation, Graphics designing, All CA services, e-services etc. under one roof, selling franchise of the B-Plan PAN India. I had to wear multiple hats and managing complete project remained my main responsibility

Closely collaborated with project members to identify and quickly address problems

Achieving plan targets by establishing and maintaining the various, social media, state partners and franchise owners

Took active role in company growth by consistently providing quality customer service to promote growth and retention

Increased savings by initiating and fostering relationships with vendors to communicate on Technical problem-areas and work closely to resolve

Gathered requirements, defined scopes, allocated resources and established schedules meeting for exceeding project demands

Managed different departments and teams of around 70-80 people to establish the network in North India

Supervising staff from different departments and provide constructive feedback
