

NISHANT

New Delhi | +91-9818457250 | nishant.rb2016@gmail.com

A Bachelor's in Computer Science and Engineering. Enthusiastic learner and a trained individual gained skill training required for Front-End developer. At present my focus is to gain knowledge and expand my skills set to become a successful Front-End Developer.

SKILLS

Programming Skills and respective software used that I have learnt in timeline-

- JavaScript (Notepad++)
- XHTML, HTML5 & Cascading Style Sheets
- JAVA 18.0.1.1/17.0.3.1(Eclipse IDE; Notepad)
- MySQL (MySQL Workbench)
- C/C++ (C-free, Turbo C++)

TRAINING/CERTIFICATIONS

Cloud Computing Engineer Certification by NIELIT

AUG'22-MAR'23

(Under Ministry of Electronics and Information Technology)

Successful candidates will be issued Amazon web service (AWS) certification.

Course subjects includes

Introduction to Network Management	Introduction to Windows & Linux Server
Advance Linux Server	Virtualization
Cloud Computing	Cloud Infrastructure
Cloud Security	Project Work

Training Tools

Windows Server 2016/2019	RHEL (CentOS) 7/8	Bash	Apache	Bind
Postfix	Dovecot	MySQL	PGP	OpenSSL
Wireshark	Squid	DansGuardian	Nessus	OpenVAS
Nagios	VMWare Workstation	VirtualBox	KVM	Xen
Docker	Citrix Hypervisor	vSphere	AWS	Cloud Platform

Programming languages and frameworks:

- React (Basic and Advanced)
- Version Control - Manage code revisions, GitHub repository.
- JavaScript, HTML & CSS
- Principles of UI/UX Design

Centre for Development of Advanced Computing, Noida

DEC'21-MAR'22

"Software Developer" training from CDAC-Noida (under Ministry of Electronics and Information Technology) In collaboration with SSC NASSCOM.

Programming and Algorithm

- Designed basic programming structures in line with BRS/URS, SRS & HLD.
- Document design using templates and tools.

Application Development

- Along with working on BRS, SRS, HLD, LLD. accessed reusable components, code generation tools and unit testing tools from their organization knowledge base.
- Created, Reviewed and Executed Unit Test Cases.
- Recorded corrective actions for identified defects to inform future designs.

SDLC

- Software development lifecycles along with CASE tools were introduced along with software model and its quality assurance.

Organisational skills

- Self and work management.
- Team work and communication.
- Data and information management.
- Managing Health and safety.
- Learning and Self Development.

Programming Language and Software used during training:

C Programming	UML tools such as Rational Suite
JDK Eclipse	PHP server
MySQL workbench	Turbo C++

NASSCOM-Skill Enhancement Initiative

- Among Top 10 to participate in 'Sector Skill Council' and 'Future Skills Initiative' by NASSCOM.

WORK EXPERIENCE

Trainee / Intern at EICE InfoTech Private Limited

MAY'15

.NET is a cross-platform, open-source developer framework for building many different kinds of applications. Developers can use various programming languages together with .NET to build applications ranging from web and mobile to desktop, games, and Internet of Things. Developers can write .NET apps using C# and Visual Basic.

- At EICE, I worked as a team in management of product/ inventory & web applications.
- I learnt about ASP.NET and related frameworks and tools for building and maintaining websites and web apps.

About EICE:

EICE is a prominent offshore IT outsourcing company offering state of the art software, mobile apps, ecommerce stores, and website development services in multiple verticals. they are also providing ERP & CRM Solutions to Small, Medium and Large enterprises.

EDUCATION

Bachelor of Technology, Computer Science and Engineering

AUG'12-JUL'16

G.L. Bajaj Institute of Technology and Management, Greater Noida.

- Graduated with 60.80%
- Participated in various coding events:
 - YUKTI 2.0 (2013)
 - UHack1.0,2.0 (2013,14)
 - Blind Coding (2013,14,15)
 - ADHYAAY Cultural Fest

Project / Thesis

MAY'16 - AUG'16

I worked upon Defence Mail Security System which is a Simple Mail Transfer Protocol based mailing system that when employed within an organization can help catch suspicious mails that are being passed on between registered members of that

organization. Such mails that can be potentially harmful to system can be interpreted and dealt with before they cause any real damage to integrity of System.

Following platforms and methodologies were used in making of project:

- Triple DES algorithm for Encryption of Mail content
- Source code: JAVA language
- Database implemented by MySQL
- Front end Modules have been designed using NetBeans IDE tool package

12th Standard

Hope Hall Foundation School, R.K. Puram, New Delhi (CBSE 2012)

- Received Senior School Curriculum certificate detailing about innovative, diligence, and dedication qualities, 2012
- Top Scorer in English (95%) in School in session, 2012
- Participated and won as a team in Inter-School Football competition, 2011

10th Standard

Oxford Senior Secondary School, Vikas Puri, New Delhi (CBSE 2010)

- Scored 7.0 CGPA
- Participated & Won 1st prize in Science Olympiad (2005, 06, 08)
- Participated & Won Silver in Sack Race, 2006
- Participated in Marching, Sports Day (2007, 2009)
- Participated & Won as a team in Basket Ball and Football Inter-School Matches (2008, 09)
- Ranked 1st Position in contest Pratibha managed by Jai Shree Educational and Cultural Society in South Delhi District.

PASSION AND INTERESTS

- Passion for Biking/Motorcycling
 - Solo completed 1500kms journey from Delhi to Jispa (H.P.) in 5 days visited Sukna Lake, Prashar Lake, Rohtang pass, Atal tunnel (longest highway single-tube tunnel above 10,000ft in the world).
- Passion for Swimming
 - Won swimming competition organized by Delhi Development authority Sports Complex (2010, 12, 13, 15, 2022)
- Gym and Working out interests me
 - Won Trophy in push-ups competition for count 93 organised by The Muscle Flex gym.

- Won Trophy in Bench-Press competition organised by The Muscle Flex gym.
- Animal Lover; Ailurophile, Cynophile
 - Rescued 3 puppies and 1 stray kitten.
