CAREER OBJECTIVES

To associate with an organization offering a professional challenge and rewarding work environment that gives me a chance to enhance my knowledge and skills in the state of the analytical techniques and the work towards the growth of organization. An Immediate Joiner, with ability to anticipate and remove business issues with agility. Good analytical and problem-solving skills and proficient in verbal and communication skills also an efficient team player.

PROJECTS

ONLINE SERVICE MANAGEMENT SYSTEM | PHP, HTML5, CSS3, JAVASCRIPT

Link: [Online-Service-Management-System](#)

- online service management focuses on providing value to the customer and also on the customer relationship. Service Management provides a framework to structure IT-related activities and the interactions of IT technical personnel with customers and clients.
- In order to yield Maximum production and without losing Time and efforts, this project provides Customers/Users a web portal through which users can request for service and the company can assign engineers for the service that is requested by the users using simple PHP, HTML5, CSS3 and JavaScript.

EXPERIENCE

HAMRAAH FOUNDATION | WORDPRESS DEVELOPER

JUN 2021 – JUL 2021 | New Delhi, India

- During the period I experienced and learned about many techniques on maintaining a website with Wordpress using plugins and simple HTML5, CSS3, PHP and JavaScript. Involved in building a high-level design, handling technical designs and complex application features of the organization website. Performed key role in the development process of UI portion of web application.
