Work Experience

Fresher, looking for an opportunity.

Projects

Portfolio Application

MERN Project

Single Page Portfolio Application

Github

- Developed a personal portfolio single page application using React.js, Node.js, Express.js and MongoDB.
- Added Contact Form, Animations, Display Top Projects and All Projects separately.
- Used React-Router to turn the application into Single Page Application.
- Used MongoDB for storing contact form data and for fetching projects data.
- <https://rahulrajput83-portfolio.vercel.app/>

Imaginar

MERN Project

Social Media Application

Github

- Allow users to share image and text based posts.
- Users can comment and share on posts and can update, delete their posts and account details.
- Users can view other users posts and details.
- Used React-Router to turn the application into Single Page Application.
- Continuously working on this project to add more features.
