---

I am a beginner Cloud Computing and administrator. After raising my children, I am seeking to return to work in an entry-level position from which I can build a fulfilling career in Cloud Computing. I have recently completed a Post Graduate Program in Cloud Computing from the Caltech Centre for Technology & Management Education and am preparing for the AWS Certified Solutions Architect – Associate and Microsoft Certified Azure Administrator Associate examinations.

I am collaborative, adaptable and creative; maintain a positive outlook; have excellent listening and people skills; and am always eager to learn and try new things.

## SOFTWARE EXPERTISE

- Microsoft Azure administration (AZ-104, AZ-305)
- AWS administration
- C, C++
- Microsoft Windows, Linux
