TinkerHub KMCTCE, KMCT CE, Kozhikode—Founder | *Former Lead*

MAY 2020 - MAY 2021

We are a community of tinkerers, makers, policy geeks, & students and are working towards mapping and empowering people who share a passion for innovation.

- **Cyber Connect With Kids**: I was one of the masterminds of this program, which took the initiative to help its little neighbors get digital on June 1st, 2020, the first day of the new school year during COVID'19.

- **Android Bootcamp:** It was our team's first online programme, which lasted two weeks and taught us how to arrange an event, what has to be prepared before the event and during the event, how to deal with technological difficulties, and how to manage people. This incident was a watershed moment in our community's history.

- **Temenos UI/UX Bootcamp**: Temenos UI/UX Bootcamp was a well-structured event after 6 months of community experience. Before the event, pre-event brainstorming and post-event swag distributions were completed, and thanks to the community network, an international visitor-Daniela Valerade Gracia, Creative Lead, UI/UX Designer from Toronto, Canada-was able to attend. This event drew over 500 people, including school pupils, and as a consequence, we were able to teach and create more than 150 projects.

- *Elementa'21*: It was our first offline event after the outbreak of Corona Pandemic. We organized a learning station with 12
