Jan 2018 - June 2018 | INTERN

6 months experience in CriTaxCorp as Backend Team and Web design.
• Coordinating the strength of grade as per the requirements.
• Attending the client meeting regarding the status of work.

PROJECTS

A STUDY OF RECOMENDER SYSTEM ON OTT PLATFORM
It is based on Research Project. In this project I research about the Data Science and the application of Data Science and also research about the Recommender system and the different approaches which are used in RS.

IMPLEMENTATION OF RECOMMENDER SYSTEM
It is based on the machine learning. I implemented a movie recommender system where they give the similar list of your favourite movie we will create a system in python where a user can give the name of his favourite movie and based on this input they are going to recommend certain movies to them.

STRONG PASSWORD GENERATOR
This is my B.tech project. The project was developed to protect your data from unauthorized.

CERTIFICATIONS

CORE JAVA
ICISC 2022
INTERNATIONAL CONFERENCE ON INTELLIGENT SYSTEM & COMPUTATION

EXTRACURRICULARACTIVITIES
• Participated in seminar on Soft Skills from Barclays.
• Participated in the international webinar on Digital Transformation: Face-lifting Oncology
• Attended Cyber Security & Digital Forensics workshop.
• Attended AWS builder online workshop.
• Participated in seminar on Big Data.
