CERTIFICATES

Bootstrap5 Projects Certificate By Udemy (04/2022 - 05/2022)

A Complete Web Development Certificate By Udemy (06/2022 - 08/2022)

PERSONAL PROJECTS

Sign Detection Language (07/2021 - 12/2021)
▫ In our project we basically focused on a model which can efficiently recognize finger spelling letter by letter based on hand gesture in order to form a complete word by combining each gesture.

Object Detection using Python (03/2022 - 07/2022)
▫ In our project we basically finding and recognizing real-world object instances such as car, bike, TV, flowers, and humans out of images or videos. An object detection technique lets you understand the details of an image or a video as it allows for the recognition, localization, and detection of multiple objects within an image.
